

Lee Anne Sullivan

COSMETIQUE SALON

Originally purchased as an investment twenty-five years ago, Cosmetique quickly became Lee Anne Sullivan's favorite place to be. "I grew to love the business," she says of her salon. She eats, sleeps and breathes Cosmetique as creative director and owner.

Cosmetique is a full service salon with a focus on cutting, styling, color and corrective coloring. Manicures, pedicures, facials, waxing and spray tanning are also available. Highly experienced staff members perform these services in a comfortable atmosphere adorned with chandeliers, comfy chairs and warm colors. "Like a big warm hug," says Lee Anne.

Lee Anne's staff is integral to the success of Cosmetique; many have been there for fifteen years or more. She feels blessed to work with a team of creative, talented specialists.

"Anyone to be in business a long time is an accomplishment," says Lee Anne. Managing to withstand difficult economic times, Lee Anne and her staff have relied on each other. As a positive thinker with the wisdom of many years of experience, she works to keep her staff motivated and inspired.

As a woman in her fifties, Lee Anne says she can easily identify what women want, "We cater to the prime-time woman." Very big on service, Lee Anne will call a first-time client a week after their salon experience for an evaluation as well as to invite them back to Cosmetique.
